MEDIA RELEASE

Date 8/3/2016

New era of leadership starts at Goldenfields Water

Goldenfields Water County Council has today welcomed on board Mr Phillip Rudd as its new General Manager.

Mr Rudd has over 10 years of experience in both local government and the water and sewerage industry, and has been the Director of Infrastructure at Goldenfields Water County Council since November last year.

Councillor Chris Manchester said he was looking forward to building a strong relationship with the new General Manager.

“Mr Rudd brings with him years of best practice and knowledge from Gosford City Council, which is one of the largest councils in NSW, including its water and sewerage business,” Councillor Manchester said.

“He is a very passionate water and sewerage professional with tertiary qualifications in Electrical Engineering and a Master of Business Administration.

“I would like to congratulate Mr Rudd on his appointment and I’m confident he will provide a significant boost for this county council and our community,” he said.

Newly appointed General Manager Phillip Rudd said he was very pleased to have been given this rare opportunity.

“The chance to guide the future of this region’s vital water infrastructure is a challenge that I’m enthusiastic about,” Mr Rudd said.

“Building on the previous General Manager’s innovative initiatives to make sure Goldenfields Water becomes an industry leader will be an important part of my role.

“With the help of our staff I’m sure we can deliver some great benefits to the community,” he said.

Mr Rudd will officially start his new role as General Manager on Monday 14 March 2016.
