Message from the Chairperson

On behalf of the Board of Goldenfields Water County Council, I am pleased to present our Operational Plan for 2018-2019 which is a sub set of the Delivery Program for 2017-2021 adopted in June 2017.

In order to put the Boards commitment to its customers into context it is important to understand the application of the Integrated Planning and Reporting Guidelines mandated under the Local Government Act 1993.

The Integrated Planning and Reporting framework is comprehensively explained later in this document.

The provision of a safe, secure and affordable water supply network to the communities in the Riverina and South West Slopes regions is at the center of these commitments.

Building on this center piece are a number of main business activities including;

- 1. Excellence in service provision
- 2. Maximizing regional water supply
- 3. Strategic water management
- 4. Best practice pricing
- 5. Proactive customer relations
- 6. Environmental protection and sustainability
- 7. Efficient operations
- 8. Financially sustainable

In order to make these business activities happen, Goldenfields Water have adopted a mission statement, vision and values which empower its staff to drive and deliver these promises to the community in a transparent and objective manner.

On that note it is important to celebrate the achievements of Goldenfields Water during 2017-2018 and foreshadow some of the high level goals and objectives contained in the Operational Plan 2018-2019.

- The Mandamah rural pipeline project is on target, 30 kilometres completed in 2017/18 with stage 2 planned for 2018/19.
- A major investment in integrated business management software will see CIVICA implemented by 30 June 2018.
- An extensive Customer Service strategy will be implemented in 2018/19.
- Adopted a Drinking Water Management System and implemented a comprehensive actions plan to control and improve water quality.

Goldenfields Water undertake to increase our customer engagement efforts to build a trusting brand relationship within the communities we serve.

My fellow Board members and I urge you to read these documents and provide us with positive feedback as we continue the long term journey of delivering the best possible water supplies to you.

> Dennis Palmer Chairperson

Message from the General Manager

Following on from the Chairpersons message and on behalf of the staff of Goldenfields Water we encourage you to read and analyse these documents.

Goldenfields Water have adopted a ten (10) year Business Activity Strategic Plan for the period 2013-2023. This document is a helicopter view of the journey that we are committed to and it contains all of the individual road maps and required resources to ensure we arrive at the agreed destination in 2023.

The 2018/2019 Operational Plan has a number of components, being;

- A commitment to business as usual with an underlying focus on continuous improvement
- A continued investment in the key assets required to deliver top-quality water that meets or exceeds the Australian Drinking Water Guidelines.
- Attention to growing our water supply system to meet the changing needs of our communities
- Ensuring that these components are affordable and can be supported in a financially sustainable manner

Working closely alongside the Goldenfields Water staff and under the strategic stewardship of the Board we look forward to the journey ahead of us in 2018-19.

Allan Tonkin General Manager

Profile

Goldenfields Water is a single-purpose county council that has been responsible for providing water supply services to many communities in the South West Slopes and Riverina regions of NSW since 1997.

Goldenfields Water's supply system covers 22,500 square kilometres between the Lachlan and Murrumbidgee rivers. It services over 46,000 people and includes more than 2,400 kilometres of water mains (the longest in NSW).

Water is sourced from protected natural catchments at Jugiong, Oura, Mt Arthur, Mt Daylight and Hylands Bridge before undergoing a world-class treatment process at either of Goldenfields Water's two water treatment plants.

As a county council, Goldenfields Water is a unique organisation given it is made up of seven constituent councils that each depend on it to deliver essential drinking water for their communities.

Goldenfields Water's seven constituent councils are:

- Bland Shire Council
- Coolamon Shire Council
- Junee Shire Council
- Temora Shire Council
- Cootamundra-Gundagai Regional Council
- Narrandera Shire Council
- Hilltops Council

Currently, Goldenfields Water supplies all drinking water directly to the almost 11,000 rural, residential, commercial and other properties in the local government areas of Bland, Coolamon, Junee, Temora, and parts of Cootamundra-Gundagai and Narrandera.

Goldenfields Water supplies water in bulk to Cootamundra-Gundagai and Hilltops councils, which then distribute water directly to their residents (except those already supplied directly by Goldenfields Water in parts of Cootamundra-Gundagai).

It also provides water in bulk to Riverina Water County Council as well as non-potable water (untreated water for non-drinking purposes) directly to 250 properties.

| Mission Statement | To provide regional economic opportunity and lifestyle choices through provision of a quality water supply by innovative leadership showing environmental responsibility in cooperation with the community, constituent councils and governments. |
|----------------------|---|
| Vision | To be innovative leaders in the supply and distribution of water through regional efficiency, technical excellence and customer service. |
| Values | Integrity All staff act in the best interest of the communities that we serve, demonstrating and promoting moral and ethical principles in all that we do. Trust |
| | Built on from the value of Integrity, mutual trust is established between teams and staff at all levels. Open communication lines and transparency in our operations reflects and further builds on this trust. |
| | Respect All staff treat others with courtesy, politeness and kindness. Differences in viewpoints and beliefs are recognised and considered, with all people being treated fairly and equally. |
| | Teamwork All staff work together collaboratively and support one another in achieving the operational objectives of GWCC. Our staff understand the importance of working with each other to achieve our objectives. |
| | Continuous Improvement Staff feel confident and comfortable to offer ideas and suggestions to ensure that GWCC is continually working to deliver better services to our community and finding more efficient ways of undertaking business. |

7 GOLDENFIELDS WATER OPERATIONAL PLAN 2018 - 2019

Strategic Priorities

The 2018-2019 Operational Plan is categorised in-line with the nine strategic priorities established by Goldenfields Water's long-term Business Activity Strategic Plan and the strategic objectives and strategies outlined in its 2017–2021 Delivery Program to achieve those priorities.

Strategic Priority 01: Excellence in Service Provision

Objective: Provision of excellence in delivery of water supply and customer service to all stakeholders.

Strategic Priority 02: Maximising Regional Water Supply

Objective: Planning of water supply for regional development through network analysis and partnerships with constituent councils.

Strategic Priority 03: Strategic Water Management

Objective: Demand management and efficiency improvements through customer awareness and selective asset enhancement.

Strategic Priority 04: Best Practice Pricing

Objective: Generation of income through transparent, equitable and solution driven pricing structures.

Strategic Priority 05: Proactive Customer Relations

Objective: Promotion of customer relations through communication, customer orientation of staff and targeted information delivery.

Strategic Priority 06: Environmental Protection and Sustainability

Objective: Environmental stewardship in carrying out of construction and operational activities.

Strategic Priority 07: Efficient Operations

Objective: Efficiency driven by use of technology, monitoring and performance analysis.

Strategic Priority 08: Highly Skilled and Energetic Workforce

Objective: Highly skilled and driven workforce encouraged by challenging positions and reward for effort and innovation.

Strategic Priority 09: Financially Sustainable

Objective: Financial planning based upon delivery of efficiencies and recovery of costs with growth built upon customer focused solutions.

Operational Plan Explained

The Operational Plan forms part of a group of plans which supports GWCC's strategic direction

The Operational Plan 2018 – 2019 completes the planning documents and details the activities to be undertaken and the financial requirements to deliver the commitments of the Strategic Business Plan and Delivery Program.

This three tiered process ensures that there are clear links between the long term goals of the community and the activities of Goldenfields Water.

The diagram demonstrates the linkage:

Goldenfields Water will continue to meet its statutory reporting requirements, delivering an accurate and meaningful report on the progress and results each year of its operational plan.

In achieving this management will be responsible for providing quarterly reports to the GWCC Board on the activities and financial statements relating to the Operational Plan.

The Operational Plan has two parts:

Part One – The Activities – detailing how Goldenfields Water will deliver outcomes during this financial/operating year.

Part Two – The Financials – including Fees and Charges detailing the budget and associated financial data for this financial/operating year.

OPERATIONAL PLAN 2018 - 2019

1: Excellence in service provision

1.1: Monitor and report compliance with regulatory, service and other organisational requirements

1.1.1: Monitoring of organisation and operational performance is regular, accessible and understandable

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|---|--|----------------------------------|----|----|----|----|
| 1.1.1.1 | Implement processes and systems to monitor and report the progress of strategic goals | Monitoring of organisational and operational performance is regular, accessible and understandable | Efficient processes implemented to ensure compliance with Local Government regulations | Corporate Services Manager | Х | Х | Х | Х |

1.1.2: Increased drinking water assurance

1.1.3: Clearly defined levels of service for our customers

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|---|---------------------------------|----|----|----|----|
| 1.1.3.1 | Review, develop and monitor levels of service for residential customers | Ensure levels of service for residential customers are identified within the strategic business plan and are monitored as part of benchmark reporting | Benchmark reporting completed. Strategic business plan to be reviewed every 4 years | Engineering Manager | | | | X |
| 1.1.3.2 | Review, develop and monitor levels of service for rural customers | Ensure levels of service for rural customers are identified within the strategic business plan and are monitored as part of benchmark reporting | Benchmark reporting completed. Strategic business plan to be reviewed every 4 years | Engineering Manager | | | | Х |

1.2: Provide a reliable and quality drinking water supply

1.2.1: Water quality meets or exceeds the Australian Drinking Water Guidelines

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|---------------------------------------|---|-------------------------------------|----|----|----|----|
| 1.2.1.1 | Implement a water quality management plan | Monitor water quality management plan | Water quality management plan developed and implemented | Production & Services Manager | Х | Х | Х | Х |

1.2.2: Assets are managed strategically, across whole of life to improve delivery of services and financial management

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|--|-------------------------------------|----|----|----|----|
| 1.2.2.1 | Develop an understanding of asset performance to improve decision-making | Annually review asset performance data | Asset renewals are reprioritised based on performance data | Engineering Manager | | | | X |
| 1.2.2.2 | Revise asset management plan | Revise and implement Asset Management Plan | Asset Management Plan adopted | Engineering Manager | | | | Х |
| 1.2.2.3 | Deliver capital works program | Undertake capital works program | Achieve greater than 85% of program | Operations Manager | Х | Х | Х | Х |
| 1.2.2.4 | Operate, maintain water infrastructure to meet defined levels of service | Undertake maintenance program | Achieve greater than 85% of program | Operations Manager | Х | Х | Х | Х |
| 1.2.2.5 | Undertake strategic reviews of water treatment facilities | Strategic review of water treatment facilities | 30 Year strategic review completed at all water treatment facilities | Production & Services Manager | | | | х |
| 1.2.2.6 | Valuation of assets | Review valuation of assets | Valuation completed and asset register updated | Engineering Manager | | | | Х |

1.2.3: Contamination resulting from backflow is minimised

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|---|--|---------------------------------|----|----|----|----|
| 1.2.3.1 | Develop and implement a backflow prevention program | Develop and implement backflow prevention installation program | Achieve greater than 85% of program | Engineering Manager | Х | Х | X | Х |
| 1.2.3.2 | Identify strategic locations across the region and install fixed standpipes | Identify strategic locations with our key stakeholders for fixed standpipes | Fixed standpipe locations identified in each constituent council area | Engineering Manager | | | | Х |

1.2.4: Water mains are systematically renewed and extended, based on asset performance data

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|-------------------------------------|---------------------------------|----|----|----|----|
| 1.2.4.1 | Develop and implement a water main renewal program | Develop and implement a water main renewal program | Achieve greater than 85% of program | Engineering Manager | | | | Х |

1.2.5: Water Pumping Stations are systematically renewed based on asset performance data

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|---|-------------------------------------|-------------------------------------|----|----|----|----|
| 1.2.5.1 | Develop and implement a water pumping station renewal program | Develop and implement a water pumping station renewal program | Achieve greater than 85% of program | Production & Services Manager | X | X | Х | X |

1.2.6: Trunk mains are systematically renewed based on asset performance data

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|-------------------------------------|---------------------------------|----|----|----|----|
| 1.2.6.1 | Develop and implement a trunk main renewal program | Develop and implement a trunk main renewal program | Achieve greater than 85% of program | Engineering Manager | Х | Х | Х | Х |

1.2.7: Reservoir relining is planned and programmed based on asset performance data

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--------------|-------------|---------------------|---------------------------------|----|----|----|----|
| | | | | | | | | |

| 2.2.2.1 | Enhance the system- wide hydraulic model | Enhance the system-wide hydraulic model | Hydraulic model is enhanced | Engineering Manager | | | | Х |
| 2.2.2.2 | Calibrate the hydraulic model with water meter and SCADA data | Calibrate the hydraulic model with water meter and SCADA data | Enhancements are made to improve the model | Production & Services Manager | | | | х |

3: Strategic water management

3.1: Become an industry leader in the water sector

3.1.1: We are open to emerging technology and water cycle management methods

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|--|-------------------------------------|----|----|----|----|
| 3.1.1.1 | Develop systems and processes to monitor and report on emerging technology and methods related to water cycle management | Monitor emerging technology and incorporate into future plans | Viable emerging technologies are incorporated into current and future programs | Production & Services Manager | | | | Х |

3.1.2: We have the capacity to influence water industry direction

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|--|---------------------------------|----|----|----|----|
| 3.1.2.1 | Explore opportunities to influence water industry policy and direction through participation in industry groups and bodies | Explore opportunities to influence water industry policy and direction through participation in industry groups and bodies | Participate in industry groups, bodies and make submissions | General Manager | | | | Х |

3.1.3: We follow best practice strategic planning

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|----------------------|---------------------------------------|--------------------------------------|--|---------------------------------|----|----|----|----|
| 3.1.3.1 | Revise the Strategic Business Plan | Adopt new Strategic Business Plan | Completed Integrated Water Cycle Management Strategy. | Engineering Manager | | Х | | Х |

4: Best practice pricing

4.1: Ensure water metering is accurate

4.1.1: There is a high level of confidence in accuracy of water metering internally and amongst stakeholders

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|---|-------------------------------------|---------------------------------|----|----|----|----|
| 4.1.1.1 | Develop and implement a water meter replacement program | Develop and implement a water meter replacement program | Achieve greater than 85% of program | Operations Manager | Х | Х | Х | Х |

4.2: Levy and collect water charges

4.2.1: Water meters are read accurately and water account notices issued correctly

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|--|----------------------------------|----|----|----|----|
| 4.2.1.1 | Read water meters by using the automatic meter reading network | Read water meters by using the automatic meter reading network | Achieve greater than 98% of meter reads through automatic meter readings | Corporate Services Manager | Х | Х | Х | Х |
| 4.2.1.2 | lssue water account notices within agreed timeframes | Issue water account notices within agreed timeframes | Quarterly accounts are issued within 4 weeks | Corporate Services Manager | Х | Х | Х | Х |

4.3: Deliver a consistent price path

4.3.1: We have a published price path to ensure financial sustainability

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--------------------------------------|--------------------------------------|------------------------------------|----------------------------------|----|----|----|----|
| 4.3.1.1 | Establish a multi-year price path | Establish a multi-year price path | A multi-year price path is adopted | Corporate Services Manager | | Х | | |

5: Proactive customer relations

5.1: Improve customer and community engagement

5.1.1: Feedback from customers is regularly captured and used in decision-making

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|---|---|----------------------------------|----|----|----|----|
| 5.1.1.1 | Undertake annual customer survey | Undertake customer survey | Undertake customer survey and results provided to Council | Corporate Services Manager | | | Х | |
| 5.1.1.2 | Review and action customer survey feedback | Review and action customer survey feedback | Survey results are incorporated into future Operational Plans | Corporate Services Manager | | | | Х |

5.1.2: Our community understands what we do and has regular opportunities to be involved with us

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|--|---------------------------------|----|----|----|----|
| 5.1.2.1 | Develop and implement a Customer Engagement Strategy | Implement the Community and Engagement Strategy | Community Engagement Strategy is being delivered to the community. | General Manager | Х | Х | Х | Х |

5.1.3: Our customer service goals are contained within a published Customer Service Charter, and we are accountable to them

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|---|--|---------------------------------|----|----|----|----|
| 5.1.4.1 | Provide relevant information to the community through a variety of channels | Provide relevant information to the community through a variety of channels | Variety of channels utilised when communicating to the community | General Manager | Х | Х | Х | Х |
| 5.1.4.2 | Public education information about water management and sustainable water practice is developed and published within our community | Develop public education information about water management and sustainable water practice | A range of educational resources developed | General Manager | Х | X | X | X |

| 5.1.4: We participate in improving understanding of water management and sustainable wate | practices in our community |
|---|----------------------------|
|---|----------------------------|

5.2: Develop and maintain strong links with stakeholders

5.2.1: We have close relationships with the Riverina Eastern Regional Organisation of Councils (REROC)

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|---|---------------------------------|----|----|----|----|
| 5.2.1.1 | Participate in opportunities for resource, expertise and knowledge sharing with REROC | Participate in opportunities for resource, expertise and knowledge sharing with REROC | GWCC actively attends REROC meetings | General Manager | Х | X | Х | X |
| 5.2.1.2 | Work closely with REROC to improve service efficiency and effectiveness and promote matters of common interest | Work closely with REROC to improve service efficiency and effectiveness and promote matters of common interest | GWCC participates in all projects with a joint interest | General Manager | Х | Х | Х | Х |

5.2.2: We have close relationships with our constituent councils

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|--|---------------------------------|----|----|----|----|
| 5.2.2.1 | Communicate and engage with constituent councils regularly | Communicate and engage with constituent councils regularly | Regular meetings between GWCC and constituent councils | General Manager | Х | Х | Х | Х |
| 5.2.2.2 | Identify where we can partner with constituent councils to attract growth and new business to the region | Identify where we can partner with constituent councils to attract growth and new business to the region | Joint projects undertaken where viable | General Manager | x | X | х | Х |

5.2.3: We have a positive corporate reputation within our community and wider industry

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|--|---------------------------------|----|----|----|----|
| 5.2.3.1 | Keep the community, media and internal and other stakeholders informed with relevant and timely information via the most appropriate channels | Keep the community, media and internal and other stakeholders informed with relevant and timely information via the most appropriate channels | Variety of communication channels utilised to ensure stakeholders are informed | General Manager | Х | Х | Х | X |

6: Environmental protection and sustainability

6.1: Develop social responsibility for the water cycle

6.1.1: We provide a water supply that provides the best value for money considering social, environmental and economic considerations

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|--|--|-------------------------------------|----|----|----|----|
| 6.1.1.1 | Develop and implement an Integrated Water Cycle Management Plan using established community expectations and asset management information | Develop and implement an Integrated Water Cycle Management Plan using established community expectations and asset management information | Develop and implement an Integrated Water Cycle Management Plan using established community expectations and asset management information | Production & Services Manager | Х | Х | | |

6.2: Ensure natural resources are used efficiently

6.2.1: We regularly review energy use to proactively identify and implement usage reduction activities to lower costs and reduce carbon foot print

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|--|--|---|-------------------------------------|----|----|----|----|
| 6.2.1.2 | Educate operators responsible for sites with highest energy consumption | Educate operators responsible for sites with highest energy consumption | Usage in high tariff periods are minimised where possible | Production & Services Manager | Х | Х | Х | X |
| 6.2.1.3 | Renewable energy sources are utilised where viable | Renewable energy sources are utilised where viable | Viable renewable energy projects implemented | Corporate Services Manager | | | | Х |
| 6.2.1.4 | Carbon Footprint is monitored and regularly reported | Carbon Footprint is monitored and regularly reported | Viable renewable energy projects implemented | Corporate Services Manager | Х | Х | x | Х |

6.2.2: Water use efficiency is increased across the network

| 9.1.1.4 | Develop capital works programs in-line with the planned price path | Develop capital works programs in-line with the planned price path | Capital works program adopted by Council and reflected in Long Term Financial Plan | Corporate Services Manager | | | | x |

9.1.2: Appropriate developer charges are levied to meet capital and interest expenses for system expansions

9.1.3: The viability of projects are established through the use of a business cases process

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|---|--|---------------------------------|----|----|----|----|
| 9.1.3.1 | Develop a business case for any proposed project or other activity to inform decision- making about whether to proceed | Develop a business case for any proposed project or other activity to inform decision-making about whether to proceed | Capital project gateway framework developed | Engineering Manager | | | | X |

9.2: Generate income through diversification

9.2.1: Fee for service opportunities identified

| Key Activity Code | Key Activity | Action Name | Performance Measure | Responsible Officer Position | Q1 | Q2 | Q3 | Q4 |
|-------------------------|---|---|---|---------------------------------|----|----|----|----|
| 9.2.1.1 | Explore fee for service opportunities within the region | Explore fee for service opportunities within the region | Works undertaken as opportunities present | General Manager | Х | Х | х | Х |

Statement of Revenue Policy

Council obtains its income from the following sources:

Water Access and User Charges

Council has adopted a two-part water charge for each of its customer categories, consisting of an access charge based on service connection sizing and a user charge based on the water consumed. As part of its Delivery Program, Council has set its access and usage charges for the 2018/2019 year.

Council levies interest on overdue charges. The interest rate is maximum allowable – 7.5% for 2018/2019.

Interest on Investments Council invests surplus funds in accordance with its Investment Policy.

Fees

Council charges appropriate fees for service. These fees are based on actual costs and ensure that those who benefit from the service pay for it.

Private works

Occasionally Council carries out private works. Any such works are undertaken at a cost to the applicant.

Grants and subsidies

Council will receive the Pensioner Rebate Subsidy provided by the State Government in 2018/2019. This subsidy offsets 55% of the total rebate provided.

Developer Contributions

Developers are required to pay the cost of providing the assets that they require. These costs usually fall into two categories:

The reticulated pipes which a developer is required to pay in full; and

A contribution towards the provision of infrastructure (headworks-e.g. treatment plants, major pipelines etc)

Loan Borrowings

New capital infrastructure projects can be funded from borrowings. Council would normally expect that such borrowing approvals to be granted.

Council has not provided for any specific borrowings for 2018/2019.

Access and Usage Charges Statement

The following is a brief explanation of how Council categorises its customer base.

Residential

Customers are categorised as residential if:

The connection is within the Council's urbanized areas serviced by a reservoir via a reticulated distribution network and the main use is for residential accommodation (but not as a hotel, motel, guest-house, boarding house, lodging house or nursing home).

It is a vacant land within this Council's urbanized areas serviced by a reservoir via a reticulated distribution network.

Non Residential Rural Customers are categorised as non-residential rural if:

The connection is located outside this Council urbanized areas, is serviced directly from a main and the main use is for stock and domestic.

Non-residential Other Customers are categorised as non-residential other if:

The connection is within this Council's urbanized areas serviced by a reservoir via a reticulated distribution network and the main use is for commercial, industrial, community or institutional.

Other remote and direct connections to mains outside of this Council's urbanized areas where there is no commercial rural activity.

Non-Residential High Volume Monthly

Customers are categorised as non-residential high volume monthly if:

The main use is for commercial, industrial, community or institutional and the customer uses over 50,000kl pa.

Non-Residential Bulk Councils

Hilltops Council and Cootamundra Gundagai Regional Council together with water supplied to Riverina Water consumers are categorised as non-residential Bulk Councils.

Council's Annual Access and Usage charges, Interest, Fees, Private Works, and/or Developer Contributions are levied and or charged under various sections on the NSW Local Government Act including but not limited to sections 501, 502, 552, 566 section 64 and its cross reference to water Management Act section 305-307 and NSW Local Government Act Chapter 15, Part 10 Division 3.

Projected Yield

In 2018/19 water charges are proposed under the following categories, with the total forecast yield and percentage of total projected yield to be raised from each category as follows:

| Customer Categories | | \$000' | % Within Category | % of Total |
|----------------------------|-----------|--------|-------------------|------------|
| Residential | | 5,461 | | 28.30% |
| Access Charges | | 1,262 | 23.11% | |
| Usage Charges | | 4,199 | 76.89% | |
| Non-Residential Rural | | 4,007 | | 20.76% |
| Access Charges | | 1,370 | 34.19% | |
| Usage Charges | | 2,637 | 65.81% | |
| Non-Residential Other | | 2,437 | | 12.63% |
| Access Charges | | 890 | 36.52% | |
| Usage Charges | | 1,547 | 63.48% | |
| Non-Residential High Volum | e Monthly | 1,734 | | 8.98% |
| Access Charges | | 43 | 2.48% | |
| Usage Charges | | 1,691 | 97.52% | |
| Non-Residential Bulk Counc | ils | 5,660 | | 29.33% |
| Access Charges | | 1,348 | 23.82% | |
| Usage Charges | | 4,312 | 76.18% | |
| | | | | |
| TOTAL PROJECTED YIELD | | 19,299 | | 100% |
