CONDITIONS OF SUPPLY

Supply will be connected subject to Council’s conditions contained in the current year’s Operational Plan, Policies and relevant Acts, Regulations and Conditions as otherwise stated.

Some delays in connection may occur from time to time as other authorities (e.g. Telephone / Gas) will need to locate their services to prevent possible damage when the water service is connected.

A sketch plan must be provided on the form below.

<p>Sketch Plan</p> <p>(Show the property frontage to the nearest street or road and include any nearby crossroads. Please indicate your preferred meter location and Council will endeavour to meet your request. However, Council cannot guarantee that it will be able to place the meter in the exact location. <u>It should be noted that with all connections other than Urban, the meter will be installed at the water main. Non-Urban applicant(s) will be responsible for the laying of the service line from the meter, to and within the boundary of their property.</u></p>	
<p>To assist in the application process, the boundaries of all vacant lands must be clearly marked.</p>	

This authorisation is to be signed by the owner, if the property is owned by more than one person, each owner is required to authorise this application.
